Mechanical Separation Division

Westfalia Separator Austria G.m.b.H.

Separation and extraction duty

Questionnaire for laboratory test

Company:	Contact person:
	Phone:
	Fax:

1. Separation duty:

☐ clarification ☐ separation ☐ with solids ☐ extraction ☐ with solids ☐ classification

2. Product description:

No.	designation of phases	valuable	concentration Mas.-%	concentration Vol.-%	density g/cm³
1	light	☐			
2	heavy	☐			
3	solid	☐			

particle size: d_{50}=_____µm ☐ erosive matter

3. Process data liquid phases:

No.	corrosive	pH	Cl-Ions ppm	viscosity cP	process temperature operating	process temperature maximum
1	☐			/ °C	°C	°C
2	☐			/ °C		

4. Hydraulic capacity:

☐ batch process

daily capacity: _____ m³

daily operating time: _____ h

☐ continuous process

required: _____ l/h

maximum: _____ l/h

5. Process description/remarks: ☐ in attachement
